

Monthly Budget Template - Notion Guide

This PDF provides an overview of the Monthly Budget Template for Notion.

To duplicate the template into your workspace:

1. Visit the shared Notion template link (provided in the live post).
2. Click 'Duplicate' in the top right corner.
3. Add your income, expenses, and savings goals in the linked databases.

Template Features:

- Clean dashboard layout
- Category breakdown for income, expenses, savings, and debt
- Linked rollups to track totals by month and category
- Monthly journal section for reflection

Customize it with your own icons, categories, and reminders!
